## PROFESSIONAL EXPERIENCE

### Web Developer

Lifyntia Lifecare Private Limited | May 2025 - Present

- Designed and developed responsive websites to enhance user experience and company branding.
- Maintained and updated existing web applications, ensuring smooth performance and security.
- Performed thorough testing and debugging to identify and resolve technical issues.
- Collaborated with team members to implement new features and improve overall website functionality.

### Web Developer

Narang Realtors Private Limited | Dec 2024 - May 2025

- Contributed to the development and maintenance of directtocart.com, the company's main e-commerce website, along with the vendor panel.
- Developed and maintained responsive user interfaces using modern web technologies, focusing on performance, usability, and clean design.
- Collaborated with backend developers and designers to implement new features, fix UI bugs, and enhance the overall user experience across the platform.
- Performed manual QA testing to identify and report bugs, verify feature functionality, and ensure a smooth user experience across different browsers and devices.

### Software Engineer Trainee

ZenoQuad Technologies Private Limited | Aug 2024 - Oct 2024

- Contributed on Lighting Illusions, an e-commerce platform developed for an Australian client, contributing to both frontend and backend tasks.
- Integrated React with Laravel in the Admin Panel to build dynamic and interactive interfaces for better usability and management.
- Assisted in testing and debugging across multiple modules, performing manual QA to ensure stable deployments and smooth functionality in the inventory and order management systems.
